Instructions

Full instructions with photos and a video are available at craftwithsarah.com/CCC3

- 1** Download the cutting file from the link above and unzip the folder
- 2** Upload the cutting file into your cutting machine software. For Cricut Design Space you **must** use the file called SVG_Giant_Poinsettia_Sign_CraftWithSarah.svg
- 3** To cut from 12x12 or A4 card, resize the design to 19.622 inches wide and 10.278 inches tall. For US Letter card, make it 19 inches in width and 9.952 in height.
- 4** Use the "Text" tool to add a greeting to the front. The font I chose is called DTC October Daylight
- 5** Cut out all of the layers from cardstock
- 6** Stick the layers together using a combination of foam pads/squares and glue. There is a file in the download folder called **Assembly Guide.pdf** that shows the order to stick the layers together in.
