Day 05

Surfing Santa Papercraft Project

Download the cutting file from
craftwithsarah.com/CCC5

Supplies List

- Cricut machine / Silhouette / ScanNCut
- Light grip cutting mat
- Coloured card (I used 160-240gsm weight of card)
- Patterned paper (mine is from a now-retired scrapbook set)
- Collall All Purpose glue or similar
- Needle tip applicator bottle (optional)
- 3D foam pads
- Shadow box (I used a 20x20cm shadow box from Hobbycraft in the UK)

Instructions

Full instructions with photos and a video are available at craftwithsarah.com/CCC5

- 1 Download the cutting file from the link above and unzip the folder
- 2 Upload the cutting file into your cutting machine software. For Cricut Design Space you **must** use the file called SVG_Surfing_Santa_CraftWithSarah.svg
- 3 Measure your shadow box frame to work out what size to cut the design
- 4 Resize the design in your cutting machine software
- 5 Cut out all of the layers from cardstock
- 6 Stick the layers together using a combination of foam pads/squares and glue. There is a file in the download folder called **Assembly Guide.pdf** that shows the order to stick the layers together in.
- 7 Frame the design
