Countdown

Day 09

Winter & Summer Layered Cards

Download the cutting file from craftwithsarah.com/CCC9

Supplies List

- Cricut machine / Silhouette / ScanNCut
- Light grip cutting mat
- Coloured card (I used 160-240gsm weight of card)
- Collall All Purpose glue or similar
- Needle tip applicator bottle (optional)
- 3D foam pads

Instructions

Full instructions with photos and a video are available at craftwithsarah.com/CCC9

- 1 Download the cutting files from the link above and unzip the folder
- 2 Upload the cutting files into your cutting machine software. For Cricut Design Space you **must** use the files that start SVG_ in the filename.
- 3 Check the card has loaded in at 7 inches wide and 10 inches tall
- 4 (Optional) Add a score line down the middle of the base card to make it easier to fold.
- 5 Cut out all of the layers from cardstock.
- 6 Stick the layers together using a combination of foam pads/squares and glue. There are two **Assembly Guide PDF** files in the download folder that show the order to stick the layers together in.
