Day 14

## Layered Pet Greetings Cards

Download the cutting files from [craftwithsarah.com/CCC14](http://craftwithsarah.com/CCC14)

### Supplies List

- Cricut machine / Silhouette / ScanNCut
- Light grip cutting mat
- Coloured card
- Collall All Purpose glue or similar
- Needle tip applicator bottle (optional)
- 3D foam pads
- A5 card base (UK size)
- Patterned paper to decorate the card

# Instructions

Full instructions with photos and a video are available at [craftwithsarah.com/CCC14](https://craftwithsarah.com/CCC14)

- 1** Download the cutting files from the link above and unzip the folder and choose your cat/dog SVG from my shop. There is a file called **FREE SVG VOUCHER.pdf** in the download folder to get a voucher to get the design for free.
- 2** Upload the cutting files into your cutting machine software. For Cricut Design Space you **must** use the files that start SVG\_ in the filename.
- 3** Delete the body layers from the pet SVG.
- 4** Position the head over the body layer and add the Santa hat on top.
- 5** Group all the layers and resize your design to fit on your card.
- 6** Cut out all the layers from cardstock.
- 7** Decorate the base of the card.
- 8** Stick the layer together using glue and foam pads. Use the **Assembly Guide.pdf** file for more information.
